FACIALS

YOUTH LAB

MEDI-FACIAL BLEMISH CONTROL (Acne / Congested skins)

R 680

Cleanse, Ultrasonic skin scrubber, Exfoliation, Extractions, High frequency, Mask (mini peel: containing 6% Glycolic Acid), Serum, Moisturising, SPF.

High frequency involves the use of a glass wand treating the skin with mild high frequency electrodes. Since bacteria cannot survive in oxygen-rich environments, the electrodes aid the treatment of acne. Mixed with the air outside the electrode, the electrical current creates and infuses the skin with purifying and rejuvenating oxygen molecules, creating a therapeutic zapping or tingling sensation.

MEDI-FACIAL HYDROGLOW (Hydrating / Increase skin radiance)

R 590

Cleanse, Ultrasonic skin scrubber, Exfoliation, Extractions (if needed), Mask (mini peel: containing 6% Glycolic Acid), Serum, Moisturising, SPF.

NIMUE

Detoxifying and exfoliating treatment with a thermo-sensory mechanism improving skin oxygenation (lunchtime treatment).

THERMAL DETOX TREATMENT

R 570

Cleanse, Condition, Thermal Detox Application, Serum, Aftercare, SPF.

PRICE LIST

Skin Care Treatments

CHEMICAL PEELS

DR SCHRAMMEK GREEN PEEL

A mixture of eight selected herbs containing enzymes, minerals and vitamins which are massaged into the skin and are actively working for 5 days.

FRESH UP – LEVEL 1 (Light to no flaking) R 950

ENERGY – LEVEL 2 (Flaking will occur) R 1 200

CLASSIC – LEVEL 3 (Flaking will occur) R 1 500

Skin Care Treatments

02 CHEMICAL PEELS

ELAINE BRENNAN

GET GLOWING MICRO PEEL

R 2 100

The procedure assists smoothing fine lines and evening out skin discolouration.

It improves skin texture and reduces the appearance of acne, acne scars, environmental skin damage, melasma, and hyperpigmentation.

You will notice incremental improvement in the overall appearance of the skin.

Please note: Depending on the skin, the skin may or may not experience peeling. If peeling occurs, it usually begins four to five days following the treatment and lasts for approximately three days. In addition, mild itching, dryness and redness may occur, although not very common.

Skin Care Treatments

CHEMICAL PEELS

BIOMEDICAL EMPORIUM

BASIC BIOMEDICAL EMPORIUM CHEMICAL PEELS

Cleanse, condition serum, chemical peel of choice, construct serum, skin repair serum, SPF.

BIO-GLYCOLIC ACID PEEL

R 600

Used for various skin conditions to stimulate new keratinocytes and removing all dead skin cells.

BIO-LACTIC ACID PEEL

R 600

Assists stimulation of collagen contraction in the dermis. Improves elasticity and is suitable for anti-ageing purposes. Lactic Acid is anti-microbial and can be used to treat acne-prone skin with elevated levels of bacteria.

BIO-SALICYLIC ACID PEEL

R 600

Reduces elevated levels of sebum (oil) and inflammation of the skin. Suitable for acne-prone skin.

ADVANCED BIOMEDICAL EMPORIUM CHEMICAL PEELS

BIO-SYNTHA C PEEL

R 750

Pure vitamin-C exposed to the skin surface improves skin texture, skin tone, and lightens pigmentation. Replenishes and rejuvenates the skin. It can be done on a weekly basis.

BIO-STRATUM PEEL

R 780

A more advanced peel. Tri-chloroacetic acid (TCA) addresses skin imperfections such as pigmentation, deep lines, surface blemishes, and severe scarring.

Please note: Flaking will occur after 2 days and will continue for 4-8 days; tightening and pulling sensation of the skin immediately after treatment; skin may be inflamed, red, sensitive and painful.

PRICE LIST

Skin Care Treatments

02 CHEMICAL PEELS

BIOMEDICAL EMPORIUM

ADVANCED BIOMEDICAL EMPORIUM CHEMICAL PEELS

SEBORRHEIC PEEL

R 730

Addresses mild to severe acne concerns.

COMPLEXION PEEL

R 730

Treats uneven skin tone, hyperpigmentation, and acne. This chemical peel is ideal before a special occasion to give your skin a healthy glow.

MELANIN 10H

R 1 800

Treats all pigmentation conditions. This peel is suitable for all skin types and can be done every 6 months.

Cleanse, clean skin with alcohol swab, 1 layer of Melanin 10H will be massaged into skin, 3 thick layers of Melanin 10H will be applied onto the skin (as a mask), client leave and go straight home. Client will remove the peel with lukewarm water ONLY after 10 hours.

DAY 1 Tingling and stinging sensation.

DAY 2 Skin will typically feel dry.

DAY 3 Skin will feel tight and have a crepey appearance.

DAY 4-8 Skin will start to peel within these days and cause shedding.

Skin Care Treatments

Please note: Flaking will occur from day 2.

Please note for all Biomedical Emporium Chemical Peels & Microneedling:

- After cleansing none of the products will be removed.
- ONLY wash your skin the morning after the treatment.
- It is recommended to purchase Biomedical Emporium Wound Occlusive and Peptide Therapy after any peel (especially when doing Biomedical Emporium's advanced peels).

Skin Care Treatments

DERMAPEN 4

MICRONEEDLING

Microneedling is a cosmetic procedure designed to improve the appearance of the skin by stimulating its natural healing process. Sterile needles are used to create controlled micro-injuries on the skin's surface, trigger the production of collagen and elastin, two essential proteins for maintaining skin firmness and elasticity. The rejuvenation effect of microneedling become noticeable over time, as the skin continues to regenerate and produce collagen.

FULL FACE

R 1 450

FULL FACE & NECK

R 1 650

Add-on: Uber Pro Peel

R 300 - R 500

Uber Pro peel is exclusively designed to enhance microneedling procedure.

Depending if 1 or 2 layers is used

Skin Care Treatments

05 DERMAPLANE

Dermplaning is a cosmetic procedure involving the use of a small, sterile blade to gently exfoliate the top layer of dead skin cells and remove fine vellus hair, commonly known as "peach fuzz". The treatment aims to promote smoother skin, enhanced absorption of skincare products, and creating a more refined complexion. While dermaplaning provides immediate results, it's important to note that the results are temporary.

EXPRESS DERMAPLANING

R 450

Cleanse, Dermaplaning, Aftercare.

DERMAPLANNING GLOW TREATMENT

R 750

Cleanse, Dermaplaning, Mask, Massage, Aftercare.

Add-on to any treatment: Dermaplaning

R 350

LED LIGHT THERAPY

LED light therapy is a non-invasive skincare treatment that uses different colours of light to address various skin concerns.

LED LIGHT THERAPY

R 270

Cleanse, LED light (20min), Aftercare.

Add-on to any treatment: Led Light Therapy (10min)

R 150
